Chairwoman
Committee on Appropriations
H-307, The Capitol

The Honorable Kay Granger
Ranking Member
Committee on Appropriations
1036 Longworth House Office Building

Dear Chair DeLauro and Ranking Member Granger,

I am requesting $6,146,175 in funding for capital nonpoint source pollution control in Lake Agawam. The intended recipient is the Village of Southampton located at 23 Main Street, Southampton, NY, 11968. These funds would be used to construct an intact cellular microalgae harvesting system for Lake Agawam, a freshwater lake in the heart of the Village downtown, in order to remove algae and associated nutrients that contribute to harmful algae blooms (HAB). I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Lee Zeldin
Member of Congress
