Embassy of the United Arab Emirates  
3522 International Court NW,  
Washington, DC 20008

Dear Ambassador Al Otaiba:

We are greatly disturbed by the “Occupied Palestine” resolution submitted by your government and adopted by the United Nations Educational, Scientific, and Cultural Organization (UNESCO). This resolution, which wrongly condemns Israel of violating the status quo of the Temple Mount, falsely accuses Israel’s security measures against terrorism as illegal aggression, and asserts false Palestinian claims to historical Jewish sites, forces us to question your commitment to halting the recent violence within Israel and the West Bank and achieving a peaceful resolution to the Israeli-Palestinian conflict.

In the past weeks, we have witnessed a dangerous increase of Palestinian terrorism against Israelis. Palestinian Authority President Mahmoud Abbas recently stated, “We welcome every drop of blood spilled in Jerusalem. This is pure blood, clean blood, blood on its way to Allah. With the help of Allah, every martyr will be in heaven, and every wounded will get his reward.” Responding to his call for violence, Palestinian terrorists have executed indiscriminate stabbing, shooting, and car-ramming attacks against Israeli civilians and soldiers, leaving nine Israelis dead and over a hundred more wounded.

This Palestinian-drafted resolution egregiously reconstructs thousands of years of Jewish history and attempts to remove Jewish connection from the holiest of Jewish sites, including Rachel’s Tomb and the Cave of the Patriarchs. These inaccurate depictions of Jewish sites will only serve to exacerbate tensions between Israelis and Palestinians and incite further violence. We condemn these insidious actions and urge you to take steps which will relieve tensions in Jerusalem, including actions to discourage Palestinians from using the Al Aqsa Mosque as a base for violent uprisings against Israelis.

We agree with Director-General of UNESCO Irina Bokova, who stated that she, “deplores the recent proposal under discussion by the UNESCO Executive Board that would be seen to alter the status of the Old City of Jerusalem and its Walls, inscribed on UNESCO’s world heritage list, and that could further incite tensions.”

We agree with Director-General of UNESCO Irina Bokova, who stated that she “deplores the recent proposal under discussion by the UNESCO Executive Board that would be seen to alter the status of the Old City of Jerusalem and its Walls, inscribed on UNESCO’s world heritage list, and that could further incite tensions.”

The Arab world can and should play an important and constructive role in fostering peace between Israelis and Palestinians. We condemn this resolution and urge you to take steps to quell Palestinian terrorism and bring us closer to peace in the region.
